Popular Latin American influences

The **Copains' Cabana** ensemble highlights traditional Latin American music and songs. A rhythmic and gentle repertoire at the same time, which transports you in turn towards Cuba, Argentina, Venezuela, Mexico, Brazil or even Cape Verde...

A scalable acoustic music band

Born from encounters and adventures shared in different musical groups, the **Copains' Cabana** ensemble brings together voices, mandolins, guitar, cuatro, double bass and percussion in a musical band that adapts according to the performances.

The band performs in concerts in chapels and concert halls, as well as outdoors during festivals or evenings (private room, bar, restaurant, etc.). Our program adapts to your location and your event. Do not hesitate to contact us to discuss your project.
